

A Time of Listening...

- What is important to the Uniting Church in Hobart?
- How might we participate in God's mission in the city?
- What are the issues likely to emerge in our community in the next ten years?
- How might we as a church respond?

Your answers to these questions might well shape the future of our church in this city. The *Uniting Alive: Hobart 2020* Task Group invite you to spend time talking together, sharing your thoughts, and learning from others in the *Time of Listening*.

The *Time of Listening* includes an interactive gathering. **Each gathering is open to all**, whether the venue is a church building, an aged care facility or public place. There are options in different parts of the city, and at different times of the week. Choose the time and venue most suitable to you.

You are welcome and your contribution will be valued. Each gathering will include light refreshments. Full details of times, venues and addresses are on the other side of this leaflet.

What is Uniting Alive: Hobart 2020?

The Uniting Alive: Hobart 2020 project is an initiative of the Uniting Church Presbytery of Tasmania to imagine the Uniting Church of our future - beyond 2020 - for the city of Hobart.

The project began in June and will continue through the rest of 2009.

Look out for monthly news updates from the Uniting Alive Task Group.
